

Hallo from Waveney Heritage!

“A Presentation of Wandering Water, Walks and a Workhouse-starting at Redgrave and finishing downstream at North Cove”

This is what Dave Gladwell is promising for his presentation to us **next Sunday!** He'll be looking at river fish, insects, out of the way corners and the workhouse at Shipmeadow.

Those of you who know Dave will be aware that the River is his passion. He will have seen many changes over the years, some for good and some not so. It will be interesting to hear his opinion on the health of the entire river community and of course how the use of the river for navigation, leisure and its contribution to the economy has evolved.

We look forward to meeting you again at 2.15pm for 2.30!

We would also like to thank all of you and also our band of amazing speakers for your support over the last year or so. As you know we have had a difficult journey at times, coming through thanks to our helpers and volunteers, but also to all of you who have kept faith, turned up, listened, asked intelligent questions, bought raffle tickets and food and behaved impeccably!

We are always delighted to hear your opinions and suggestions, so please do voice them so that we can continue to grow and evolve. Email, phone, letter or in person is welcome!

Best wishes,
Mary Thompson
Margaret Griffiths
Robin Twigge
Your directors
AND

Jill Edwards, administrator and fount of knowledge on the school where everything is!

To book phone 01379 668279 or 669057 or email marygthompson@aol.com

Or you can just turn up on the day!
