

To All Of You

We have now contacted all our booked speakers (we had only just completed our list right through to December!). Everyone is happy to simply delay until things become slightly more normal and so you will still be able to enjoy our diverse list, but a little later than intended!

In the meantime, Jill and I have closed the Centre, turned everything off and look forward to the mad rush when things get going again. As soon as it is practicable we hope to try to keep the garden under control, and would welcome any offers of help when the moment comes. Our gardeners did a great job getting it sorted last year and we would hate to see it slip back again, so do please offer if you are able.

In the meantime, our enforced domesticity means we have no excuse for not getting on with all those jobs which we've been putting off. I even cleaned out the fridge today!

The other task we have set ourselves is to commence the conversion of Waveney Heritage from a CIC to a charity. This will have considerable advantages, not least because we will be able to claim back tax on donations and also be more eligible for grants. However, we also consider that charitable status is much more in line with our ethos as stated on our website and our own opinion of what we wish to achieve. We hope you agree.

In the meantime, very good wishes to you all and keep well!
